INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Settlement Housing Fund, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated of financial statements of Settlement Housing Fund, Inc. and affiliates, which comprise the consolidated statement of financial position as of December 31, 2016, and the related consolidated statements of activities, changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion of these consolidated financial statements based on our audit. We did not audit the financial statements of controlled affiliates Semiperm Housing Development Fund Corporation, Newset II Housing Development Fund Corporation, New Hull Street Housing Development Fund Corporation, New Settlement Community Campus Corporation, 1615 St. John's Place LP, and NSA 2015 Owner LLC, which statements reflect total assets approximating \$65,931,000 as of December 31, 2016 of consolidated total assets and total support and revenue approximating \$7,587,000 of consolidated total revenue and support for the year then ended. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts for these controlled affiliates, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the reports of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Settlement Housing Fund, Inc. and affiliates as of December 31, 2016, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 13 to the consolidated financial statements, opening net assets as of January 1, 2016 has been restated to correct misstatements. Our opinion is not modified with respect to this matter.

Other Matter

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information on pages 28 and 29 is presented for purposes of additional analysis rather than to present the financial position and results of operations of the individual companies and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis and conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities.

(b) Principles of Consolidation

(i) Nonprofit Corporations

The accompanying financial statements of the Organization include the accounts of SHF, Inc. and other nonprofit entities that are commonly controlled by SHF's officers or board of directors. All intercompany transactions and accounts have been eliminated in consolidation.

(ii) Limited Partnerships

Partnerships that are controlled by SHF are included in the consolidated financial statements. The general partnership interests held by SHF entities equal .01% to 1% of the respective limited partnerships' equity, with the remainder of the partnerships' equity held by the limited partners of the respective limited partnerships. The portion of the limited partnerships not owned by SHF-affiliated entities is presented in the consolidated financial statements as noncontrolling interests.

(c) Cash and Cash Equivalents

The Organization maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to significant credit risk on cash and equivalents. For purposes of the consolidated statement of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

(d) Property and Equipment

Property and equipment is stated at cost or, if donated, at estimated fair value at the date of donation. The cost of buildings and improvements is depreciated over estimated useful lives of 30 to 40 years. The cost of furniture and equipment is depreciated over estimated useful lives of three to seven years. When assets are disposed of, their costs and accumulated depreciation are removed from the accounts, and resulting gains or losses are included in operations. Management generally capitalizes items in excess of \$500.

(continued)

SETTLEMENT HOUSING FUND, INC. AND AFFILIATES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Property and Equipment (continued)

Construction-in-progress (CIP) is comprised of hard and soft costs relating to capital improvements to the entities, and will be placed in service, and depreciation will commence, when the improvements are completed. Interest expense on loans used to finance the capital improvements are capitalized to CIP during the construction period.

(e) Income Taxes

SHF, Semiperm, Newset, Shuhab, New Hull, NSCCC, 287 HDFC, 301 HDFC, Crenulated, St. John's HDFC and St. John's Day Care are exempt from federal income tax under Section 501(c)(3) of the IRC.

The subsidiaries of the Organization are treated as partnerships and corporations for tax purposes. Partnership taxable income or loss passes through to, and is reportable by, the partners, individually. The Corporations have net operating losses that are carried forward for future offsetting against taxable income. These losses have a 20-year life and expire if unused. Losses carried forward should be computed as assets using the applicable tax rate and reported on the consolidated statement of financial position, subject to valuation allowance. In the case of the wholly-owned subsidiaries, it is more likely than not that the respective asset will never be realized, as the possibility of net income or gain is unlikely for these corporations. Therefore, no asset has been recognized in this financial report as the valuation allowance would equal 100% of the asset value.

Management has determined that SHF and its affiliated entities had no uncertain tax positions that would require financial statement recognition. SHF and its affiliates are no longer subject to income tax examination by federal, state, or local tax authorities for years before 2013.

(f) Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

SETTLEMENT HOUSING FUND, INC. AND AFFILIATES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Revenue Recognition

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. All contributions are due in one year and are recorded at their net realizable value.

Contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions. However, donor restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

Contributions of in-kind services are recorded at fair value at date of service.

Grant revenue is recognized in revenue upon incurring expenses, which is to reflect the cost-reimbursable nature of the grants. The actual funds received from the funding authority can be more or less than the amount of expenses incurred. When the funding received is more than the incurred expenses, a liability to the funding authority is recorded. When the funding received is less than the incurred expenses, a receivable from the funding authority is recorded. If there are no conditions, the grant revenue is recognized when the grantor informs the Organization of its promise of the unconditional grant.

Rental income, principally from short-term leases on apartment units, is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between the consolidated partnerships and tenants of the property are operating leases.

The Organization receives supervisory fees from several of its affiliated projects. In addition, the Organization provides services, such as marketing, to unaffiliated projects. The fees are recognized as revenue when earned.

(h) Functional Allocation of Expenses

The costs and expenses of providing the various programs and other activities have been summarized on a functional basis in the consolidated statement of activities. Costs which are associated with a specific program or activity are charged directly to that program or activity. Costs that are not specifically identifiable are allocated based upon management estimates of the functions benefited.

(i) Investments

Marketable Securities

Investments are recorded at fair value in the statements of financial position, as determined by reference to quoted market prices. Investments consist primarily of amounts held in cash and money market funds, corporate bonds, marketable equity securities and mutual funds. Donated investments are recorded at fair value on the date of receipt. Investment income is included in unrestricted support and revenue, unless restricted by donor or law.

Fair Value of Financial Instruments

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements," establishes a framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under FASB ASC Topic 820 have been included in this note.

Under FASB ASC Topic 820, the Organization groups its assets and liabilities at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the Organization's estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Investments (continued)

Fair Value of Financial Instruments (continued)

Securities are recorded at fair value on a recurring basis. Fair value measurement is based upon quoted prices at December 31, 2016, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques, such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, as well as other factors such as credit loss assumptions. Level 1 securities include those securities traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury, other U.S. Government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.

Partnerships and Limited Liability Companies

Partnership and limited liability company interests of noncontrolling entities are recorded at cost and subsequently accounted for on the equity method. The investment in these entities are valued at the original investment and increased for contributions, income or gains and decreased for distributions and losses attributable to the Company.

Other

The Organization invested \$343,758 for a 8.98% subscriber's interest in Housing Partnership Insurance Exchange (HPIEx). The Organization, along with various other unrelated entities, entered into a contractual agreement to form HPIEx, a Vermont insurance company. The Organization purchases its property and liability insurance through HPIEx. The investment in HPIEx is valued at cost, as the Organization is not able to influence the operating or financial policies of HPIEx. Under the cost method, the Organization records income only to the extent of distributions.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk, associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, based on market decline, and that such changes could materially affect the amounts reported in the consolidated financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Impairment of Long-Lived Assets

The Organization reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property, including the low-income housing tax credits and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the real estate exceeds the fair value of such property. There were no impairment losses recognized in 2016.

(k) Debt Issuance Costs

Debt issuance costs are amortized over the terms of the respective loans and are reported net of accumulated amortization as of December 31, 2016 in long-term liabilities on the balance sheet pursuant to the adoption of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-03, "Simplifying the Presentation of Debt Issuance Costs."

(l) Recently Adopted Accounting Policies

In April 2015, the FASB issued ASU 2015-03 which requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs is not affected. ASU 2015-03 is effective for financial statements issued for fiscal years beginning after December 15, 2015 and interim periods within fiscal years beginning after December 15, 2016, and shall be applied on a retrospective basis, wherein the balance sheet of each individual period presented should be adjusted to reflect the period specific effects of applying the new guidance. On January 1, 2016, the Organization adopted ASU 2015-03 and applied the guidance to its mortgages for the period presented. Unamortized deferred financing costs, which were previously included in total assets totaling approximately \$184,900, are included in long-term debt as of December 31, 2016. The adoption of this guidance did not have a material impact on the Organization's consolidated financial statements, as the update relates only to changes in financial statement presentation.

(m) Recent Accounting Pronouncements

In August 2016, the FASB issued ASU 2016-14, "Presentation of Financial Statements for Not-for-Profit Entities." Under the new guidance, the existing three-category classification of net assets will be collapsed into two categories: with donor restrictions and without donor restrictions. Endowments that have a current fair value that is less than the original gift amount (underwater) will be classified in net assets with donor restrictions and expanded disclosures will be required. Additional requirements include disclosure of board-designated net assets, expanded reporting to present expenses by function and natural classification, and eliminating the disclosure of investment expenses that are netted against investment returns. ASU 2016-14 is effective for the fiscal years beginning after December 15, 2017 and early adoption is permitted. The Organization has not yet evaluated the impact this adoption will have on the consolidated financial statements.

NOTE 7 - LOANS RECEIVABLE

In conjunction with a New Markets Tax Credit (NMTC) transaction totaling \$18,000,000, entered into for the benefit of NSCCC, SHF executed two notes, a Senior Fund Note in the amount of \$8,827,851 dated August 11, 2011, through assignment from the investor member of the NMTC transaction, and a Junior Fund Note in the amount of \$4,127,549 (collectively, the "Notes") with a third party that has provided funding to NSCCC. Terms of the Notes require interest-only payments, due quarterly at 1% per annum through July 1, 2018, and, beginning October 5, 2018, payments of principal and interest are due quarterly to amortize the loans over 318 months. The unpaid outstanding principal balance on the Notes, together with any unpaid and accrued interest, is due on January 1, 2045.

The loans are collateralized by a second position in the interests that an entity, party to the NMTC transaction, has in two entities that have loans and capital investments in NSCCC.

In conjunction with the NMTC transaction, NSCCC, SHF and Crenulated have provided guarantees related to any NMTC recapture, a full guarantee of project completion and cost overruns, an operating guarantee for the project and ongoing management fees with respect to the NMTC transaction, as well as guarantee all obligations of NSCCC, including all principal and interest payments.

There are no indications that NSCCC, SHF or Crenulated have any potential liability, as of the date of the report, with respect to these guarantees and no liability has been recorded in the consolidated financial statements.

The Notes have been eliminated in consolidation.

NOTE 8 - MORTGAGE RECEIVABLE

The mortgage to Two Bridgeset Associates, L.P. is interest free and due on October 29, 2025. The mortgage is reported at its net present value using a discount rate of 5%. Mortgage Payable

Shuhab HDFC's fixed assets are secured by a mortgage loan of \$20,523,723 which matured in December 2011 without repayment. This caused the Organization's current liabilities to exceed current assets by \$29,477,421. Shuhab HDFC entered into a prenegotiation letter dated March 12, 2015 to encourage free and open discussion while ensuring that neither the lender nor Shuhab HDFC gives up any rights or remedies or incurs any obligations as a result of these discussions, unless and until a definite written agreement is reached and executed and delivered by authorized representatives of the lender and Shuhab HDFC. The prenegotiation letter is explicitly not a waiver, modification, or forbearance. Management plans to sell or refinance the underlying fixed assets securing the mortgage loan, by 2018, to pay the matured mortgage loan in full. Shuhab HDFC entered into a forbearance agreement on November 27, 2017 which temporarily forbears the lender of this mortgage loan from the exercise of remedies in respect of defaults which have occurred, the purpose of which is to provide Shuhab HDFC with time to retire the loan with proceeds of permanent financing which Shuhab shall obtain during the forbearance period. The forbearance agreement will expire on or about June 30, 2018, subject to a conditional option of Shuhab HDFC to extend the December 15, 2018 deadline. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

To the Board of Directors of
Settlement Housing Fund, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Settlement Housing Fund, Inc. (Parent Company Only), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion of these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

We have audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated financial statements of Settlement Housing Fund, Inc. and its affiliates, which comprise the consolidated statement of financial position as of December 31, 2016, and the related consolidated statements of activities, changes in net assets, and cash flows for the year then ended (none of which is presented herein), and we expressed an unmodified opinion on those financial statements. Such consolidated financial statements are the general-purpose financial statements of Settlement Housing Fund, Inc. and its affiliates, and the financial statements of parent company presented herein are not a valid substitute for those consolidated financial statements.

Settlement Housing Fund, Inc. parent company only financial statements represent the financial results of the parent but not of the affiliates or the elimination of affiliate-related transactions. Parent company only financial statements are not a valid substitute for consolidated financial statements and represent a departure from accounting principles generally accepted in the United States of America. However, management has indicated that Settlement Housing Fund, Inc. parent company only financial statements are a necessary presentation under various contractual arrangements.

Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Settlement Housing Fund, Inc. (Parent Company Only) as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

SETTLEMENT HOUSING FUND, INC.
(PARENT COMPANY ONLY)

NOTES TO FINANCIAL STATEMENTS

Note 1 - Organization

Settlement Housing Fund, Inc. ("SHF") parent company only financial statements represent the financial results of the parent but not of the affiliates or the elimination of affiliate-related transactions. Parent company only financial statements are not a valid substitute for consolidated financial statements and represent a departure from accounting principles generally accepted in the United States of America. However, management has indicated that Settlement Housing Fund, Inc. parent company only financial statements are a necessary presentation under various contractual arrangements. As used herein, the term "affiliate" refers to entities under common control.

Note 2 - Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis and conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities.

(b) *Cash and Cash Equivalents*

SHF maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. SHF has not experienced any losses in such accounts and believes it is not exposed to significant credit risk on cash and equivalents. For purposes of the statement of cash flows, SHF considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

(c) *Income Taxes*

SHF is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require evaluation of tax positions taken or expected to be taken in the course of preparing SHF's tax returns to determine whether the tax positions are more likely than not sustainable upon examination by the applicable taxing authorities, based on the technical merits of the tax positions, and then recognizing the tax benefit that is more likely than not realizable. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense in the current reporting period. Management believes any such positions would be immaterial to the overall financial statements.

(continued)

SETTLEMENT HOUSING FUND, INC.
(PARENT COMPANY ONLY)

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

(c) *Income Taxes (continued)*

Management has determined that SHF has no uncertain tax positions that would require financial statement recognition. SHF is no longer subject to income tax examination by federal, state, or local tax authorities for years before 2013.

(d) *Use of Accounting Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(e) *Functional Allocation of Expenses*

The costs and expenses of providing the various programs and other activities have been summarized on a functional basis in the accompanying statement of activities. Costs which are associated with a specific program or activities are charged directly to that program or activity. Costs that are not specifically identifiable are allocated based upon management estimates of the functions benefited.

(f) *Fair Value of Financial Instruments*

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements," establishes a framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under FASB ASC Topic 820 have been included in this note.

Under FASB ASC Topic 820, SHF groups its assets and liabilities at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

(f) *Fair Value of Financial Instruments (continued)*

- Level 3 - Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect the SHF's estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Securities are recorded at fair value on a recurring basis. Fair value measurement is based upon quoted prices at December 31, 2016, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques, such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, as well as other factors such as credit loss assumptions. Level 1 securities include those securities traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury, other U.S. Government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.

(g) *Recent Accounting Pronouncements*

In August 2016, the FASB issued ASU 2016-14, "Presentation of Financial Statements for Not-for-Profit Entities." Under the new guidance, the existing three-category classification of net assets will be collapsed into two categories: with donor restrictions and without donor restrictions. Endowments that have a current fair value that is less than the original gift amount (underwater) will be classified in net assets with donor restrictions and expanded disclosures will be required. Additional requirements include disclosure of board-designated net assets, expanded reporting to present expenses by function and natural classification, and eliminating the disclosure of investment expenses that are netted against investment returns. ASU 2016-14 is effective for the fiscal years beginning after December 15, 2017 and early adoption is permitted. SHF has not yet evaluated the impact this adoption will have on the financial statements.

(h) *Program Fees*

SHF receives fees for the performance of project development. The fees are generally earned over the development period in accordance with the fee agreements. Development fees are recognized as revenue as the milestones in the development agreements are achieved.

SHF receives supervisory fees from several of its affiliated projects. In addition, SHF provides services, such as marketing, to unaffiliated projects. The fees are recognized as revenue when earned.

In conjunction with a New Markets Tax Credit (NMTC) transaction totaling \$18,000,000, entered into for the benefit of NSCCC, SHF executed two notes, a Senior Fund Note in the amount of \$8,827,851 dated August 11, 2011, through assignment from the investor member of the NMTC transaction, and a Junior Fund Note in the amount of \$4,127,549 (collectively, the "Notes") with a third party that has provided funding to NSCCC. Terms of the Notes require interest-only payments, due quarterly at 1% per annum through July 1, 2018, and, beginning October 5, 2018, payments of principal and interest are due quarterly to amortize the loans over 318 months. The unpaid outstanding principal balance on the Notes, together with any unpaid and accrued interest, is due on January 1, 2045.

The loans are collateralized by a second position in the interests that an entity, party to the NMTC transaction, has in two entities that have loans and capital investments in NSCCC.

In conjunction with the NMTC transaction, NSCC, Settlement Housing Fund and/or Crenulated have provided guarantees related to any NMTC recapture, a full guarantee of project completion and cost overruns, an operating guarantee for the project and ongoing management fees with respect to the NMTC transaction, as well as guarantee all obligations of NSCCC, including all principal and interest payments.

There are no indications that NSCC, Settlement Housing Fund or Crenulated have any potential liability, as of the date of the report, with respect to these guarantees and no liability has been recorded in the consolidated financial statements.
